

Queen Elizabeth Way (QEW) Eastbound and Westbound – Lane Shifts

Construction Impacts:

- Traffic heading QEW Eastbound will be shifted towards the median before and after the on/off ramp to Glendale Avenue.
- Traffic heading QEW Westbound will be shifted towards the median before and after the on/off ramp to Glendale Avenue.
- Three lanes of traffic in both directions on the QEW will be maintained.
- Traffic on the QEW will be in the Stage 1 configuration and Temporary Construction Barriers (TCB's) will be installed on the right shoulders to allow for construction activities to be completed safely.

Timing:

- Lane shifts are scheduled to start the night of April 26th, 2021 and will be completed by April 30th, 2021.
- Temporary Construction Barriers (TCB's) are scheduled to be installed the night of April 27th, 2021 and will be completed by April 30th, 2021.
- Construction operations for the lane shifts are weather permitting, and these dates may change.
